This Is Albany

October brings in the United Crusade drive. It means a great lot to Albany and to you! The United Crusade's torch is a warm, comforting symbol. It stands for the spirit of neighborliness, the spirit that makes us care about the happiness of others. It stands for the spirit of neighborliness with the handicapped father's chance to walk, the handicapped mother's chance to work. It stands for love and care for children who are alone, for the physically and emotionally ill. It stands for the opportunity for a faithful planned activity and comradeship so vital to our sons and daughters. It stands for comfort for the lonely soldier far from home. The Crusade torch burns only so bright as the spirit of neighborliness within our hearts. With every dollar invested in human happiness through the United Crusade, the torch burns brighter.

EDITORIAL

To My Good Albany Friends:

As the Times begins its 20th year of service, I wish to thank all my friends and neighbors for their good wishes expressed by telephone and letter last week on the occasion of the publication of our anniversary edition.

The future looks bright for this city of ours and I pledge that the Times will continue to help in Albany's Pageant of Progress.

I am grateful for the support and encouragement I have had from the merchants, the civic leaders and the public and this will be a time of re-dedication to the interests of this great and growing city.

Cinemascope at Albany Theatre

Cinemascope is at the Albany Theatre.

Techniques are crowding fast at the movies. First it was 3-D with great depth of photography projected on silver screens and viewed with Polaroid glasses. One of the best examples was "The House of Wax."

The followed a new stage of different proportions, the Wide-Screen and theatres threw out their old screens and installed the new horizontal look type.

It was Cinemascope, the new camera and lens, the invention of a Frenchman and adapted by the Hollywood experts which now combines the latest and most sensational methods. With great panoramic photography and wide screen projection, it excels in every phase, states "Bill" Garren, Manager.

CITY COUNCIL ARGUES OVER TRUCK ACCIDENT

The Albany City Council spent its weekly meeting on Monday in an argument over a runaway truck accident.

The mishap occurred on Saturday when Capt. Lester Varni reported that the brakes failed and the truck slipped down the slope for 100 feet and over a 12-foot retaining wall at the residence of Mr. and Mrs. Joel Popper, 706 Gateview Ave. Varni leaped from the careening truck and escaped injury.

An argument started when Councilwoman Kathie Zahn read a letter received from W. S. Rintoul, 918 Jackson St., who offered a different version of the accident.

"Anything Mr. Varni tells me, I believe," declared Mayor Lewis Howell.

The Mayor directed that a letter be sent to Rintoul, asking him to be present at a closed meeting at 8 p. m. Friday night (October 1st) and have a stenographer present. In reply to a question as to what stenographer, Howell answered, "A regular court reporter."

FIREMAN FREDDY SAYS:

Responsibility of fire prevention begins at the home level. Protect your home and children by keeping a fire-safe household.

SCHOOLS INVESTIGATE NEEDS OF HANDICAPPED

A study of the educational problems involved in the training of handicapped children was suggested by John Longaker at the Tuesday evening meeting of the Board of Education.

The proposal was approved and Longaker, working with William G. Woolworth, curriculum coordinator of the school district, will report to the administration on new methods of educating the handicapped.

Longaker told board members it might be possible for the district to be "directly instrumental in not only approaching this problem in a more intelligent manner but, likewise, be instrumental to some degree in the elimination of the problem through the possible solicitation of aid from our Parent-Teacher Association."

In seeking board approval for the study, Longaker suggested that solutions might be found in "adjustment of classes, special classes, medical assistance from PTAs, the

assistance of a psychologist or a psychiatrist.

"I request permission to conduct such a study as I feel that the mental or emotional block could very well be the result of the physical block," Longaker concluded.

Longaker also urged the board study the suggestion that special counseling services, enabling parents greater opportunities to consult with school authorities on child problems be undertaken.

He also recommended the board study the feasibility of meeting with the Welfare Committee of the Albany School Teachers Association which Longaker described as "a cross-section of teachers throughout the district."

"It is felt that a great deal of misunderstanding can come about through the lack of proper communications between the teachers and the board," Longaker stated in urging quarterly joint meetings.

In other business, the Board approved the purchase of two phonographs at a cost of \$139 each; two tape recorders costing \$152.37 each, and a movable file costing \$116. Purchase of a \$337 adding machine was held over until after discussion of teacher salary increases next month.

The Board accepted a \$100 donation from the Albany Ballroom Dance Club and authorized the purchase of a camera with the money.

Evelyn A. Benas, Myale Hughes and Elizabeth Perry were employed as child care center teachers and Arlene Wilkinson was approved as a science, English and commercial teacher at the high school.

Part-time employees approved for employment included Jeanie Lawson, Bernice Vivian E. Cannon, Robert E. Rutledge, Marianne Collins, John Hunter, Emory Jones, Gary Thompson, Oras Washington, Marlene Cerri, Suzanne Trees, Marianne Collins, Anna Cahill, Maud E. Enoksen, Ethel A. Robertson and Ethel N. Murphy.

If you are skinny, thin and underweight because of poor appetite
or poor eating habits, try this latest discovery of modern
medical science. It's called WATE-ON and folks in normal
health have reported gains of 4, 6, 10 . . . as much as 20 and
30 pounds and more, so fast it's amazing! WATE-ON is a new
HOMOGENIZED liquid that's pleasant to take as directed and
is loaded with concentrated calories so prepared as to be far
easier to be used by the system in building body weight. Cheeks

underweight figures fill out all over the body. WATE-ON im-
proves the appetite, gives quick energy, guards against fatigue,
sleepless nights, poor endurance, low resistance. Also makes for
better digestion of fats that put on weight naturally. Try
WATE-ON today.
Easy Weight Gains of 5 to 30 Pounds Reported
Want to put on needed pounds and inches of firm healthy flesh?
Then simply fortify weight maintaining meals with WATE-ON
— not firm, healthy flesh on face, neck, bust, arms, hips, thighs,
legs and ankles. Why be skinny . . . why let life slip by without
trying WATE-ON. If underweight is caused by disease, take
WATE-ON under direction of your doctor.

Entirely new, entirely different but already highly publicized
WATE-ON isn't merely meat or sugar that can do more harm
than good in building firm flesh. WATE-ON is an amazing
nutritional formula, a new HOMOGENIZED emulsion, that's
delicious to take after meals yet is so concentrated with weight
building calories the maximum daily dosage exceeds many a
skinny person's meal itself. Contains bone building Vitamin D
plus blood building, strength building red Vitamin B₁₂ which
has a remarkable ability, proven in clinical tests on children, to
help fast weight gains.
And WATE-ON's calories are more readily digested, assimilated
and used by the system to put on weight instead of being wasted.
So now, today, determine to try WATE-ON yourself.

DOCTORS—Your recommendation and approval is invited.

**DIANE DOUGLAS WEDS
JOSEPH A. BIASOTTI**

An 11 a.m. nuptial mass at St. Ambrose Catholic Church united Diane Shirley Douglas and Joseph Angelo Biasotti, both of Albany. Rev. Joseph O'Connell officiated at the mass which was followed by a wedding breakfast for the bridal party and immediate family, at the home of the bride's uncle and aunt, Mr. and Mrs. Ralph D. Martine of San Leandro. An evening reception was held at the Cerrito City Club just before the young couple left on their wedding trip.

The bride is the daughter of Mrs. Josephine Constance Douglas, 970 Cornell Ave., Albany. She graduated from St. Joseph's Presentative Academy and Contra Costa Junior College. She is now in the Berkeley tax collector's office.

Her husband is the son of Mr. and Mrs. John Biasotti, 845 Jackson St., Albany. He was graduated from Albany High and attended the University of Illinois and the College of Arts and Crafts. He has just received his discharge following four years with the Air Force and plans to continue his studies at Arts and Crafts.

The bridesmaids were Gloria De Martine of Albany, cousin of the bride, in lavender; Carmen Rago of Albany in blue; Yvonne De Martine in blue, and Leonore Bizzarri of Oakland in lavender. Junior bridesmaid was Dolores De Martine in an ensemble matching that worn by the honor maid.

Dick Daunt of Marin County was best man and the guests were seated by James Diani and Bob Zieg-

TRAVEL SMILES BY Merry Miles
 The child on the Greyhound bus was four, and bright as a cricket. "I can read the signs," she chirped, and demonstrated on the next one we passed. "It says twenty-seven miles."
 "What else?" I asked. "Oh, I can only read how far," she said, "but not where to!"
 Everyone likes Greyhound travel because it's so intimate and personal, as well as low in cost. You're close to everything — scenery, people, the towns, cities and countryside.
 If you're getting a few days or a couple of weeks off this fall, ask Greyhound for free literature on the latest Merry Miles Vacations. You can go anywhere, because Greyhound serves all 48 states. There are pre-planned trips in West, to all the national parks around the U.S., and also to Canada, Mexico and the Caribbean. Prices are surprisingly low because Greyhound fares are so low. For example, a 10-day vacation to the Pacific Northwest and Canada costs only \$83.90, double-rate, per person, plus tax, in Oakland. That includes hotel room, sightseeing in Portland, Vancouver and Victoria, steamship fares, travel via Redwood Empire, Oregon Coast and Shasta-Cascades Wonderland. See Greyhound your travel agent.
 So long for now. This is Merry Miles saying, "I'll be seeing you!"
 —by Greyhound!

WHAT'S DOING

A radio powered by sunlight

For centuries man has dreamed of getting power from the sun. Perhaps you, too, have wondered about it. Well, now it's happened. Bell Telephone Laboratories has "invented" a solar battery that directly and efficiently turns sunlight into useful amounts of electricity. It's made from an ingredient of common sand. Even at birth, it supplies enough power to run a small radio set (right) or send voices over telephone wires. Much development remains to be done. But the Bell Solar Battery, used with transistors, offers great opportunities for improvement and economies in telephone service. Research like this helps us bring better telephone service to more people at the lowest possible cost. **Pacific Telephone works to make your telephone a bigger value every day.**

Free booklet for your personal telephone numbers

Here's your handy guide to the local and out-of-town telephone numbers you call most often. By listing numbers you call frequently in this booklet, you'll be able to find them quickly and easily. And when you give the operator the number you want, out-of-town calls go through twice as fast. For a free copy, just call, write, or drop in at our business office.

Have a "no-letter" man away at school?

No need to be at the mercy of the postman when the young man or young lady in your family is away at school. In just minutes you can visit any campus in the country by telephone . . . hear again that happy greeting—"Hi, Mom!" . . . "Hi, Dad!" And it needn't be a rare treat, either . . . not when long distance calls cost so little. You can make a 3-minute night "station" call to campuses as far away as the East Coast for only \$2.00 plus tax . . . to nearby campuses for even less, of course. So why not make telephone reunions a weekly event in your family. In fact, isn't there a youngster who'd love to hear from you tonight? **Pacific Telephone.**
